## ALL VISITORS WITH PETS

Please make sure you check in with Suzette, our scheduler to confirm your vaccination status is up to date. The Recreation Manager will require a copy of your pet's vaccination status along with the Application Form and Pet Information Form, which will go in your file.

**We will be providing you with a slip of paper to show at each visit, indicating that you have permission to visit.**

For any afterhours visit, you must check in with the Charge Nurse upon your arrival.

Thank you for helping us keep our residents and staff safe.

### **Next Residents' Council Meeting: August 21<sup>st</sup> @ 10:30am**

All residents are invited to join in the meeting. Hope to see you all there!

Beverly M.

*Our deepest sympathies go  
Out to the families and friends of  
those we have lost.*

### Smoking Reminder:

Please remember that residents, visitors, families and staff are not permitted to smoke in the courtyard or at the front entrance due to the Smoke Free Ontario Act, which prohibits smoking and vaping in residential care facilities such as Country Village LTC. **You must be 9 meters from any entrance or exit.**

Country Village has designated smoking areas: the Gazebo to the left before entering the home is for residents who wish to smoke. This will also protect them from the elements. The Gazebo to the right side, before entering the home is the nonsmoking area for residents and families.

Thank you for your cooperation.

# VOLUNTEER

We are looking for volunteers to assist with programs, outings and one to one visits with our residents here at Country Village!

If you are interested in volunteering, please contact the Recreation Manager or a recreation team member.

Thank you!

**WELCOME!**

**Please join us in welcoming our new Assistant Director of Care: Caroline Willatt!**

**Also, congratulations to Myranda Brimmer as she has accepted the interim Director of Care position here at Country Village!**

## **August Birthstone: the Peridot**

The August birthstones are the peridot, spinel and sardonyx.

The peridot birthstone is known for being formed under extreme conditions as it can be found in hardened lava from deep within the Earth's mantle as well as in meteorites that traveled from out space.

**We have said goodbye to Luisa as she moves on to a new position with another company. We will miss her and wish her all the best in her new role!**

***A Fun Outing to Belle River Marina With an Ice Cream Treat from McDonalds!***

Thank you to all team members at Country Village who helped make this outing a success. The residents had a ton of fun and are looking forward to the next outing!

**Thank you to everyone who assisted with this outing**

**Thank you to Plan A  
for the lovely  
baskets that were  
donated to our  
residents!**

**LUNCH BUNCH!**
